JAMES MOORE WELCOMES FOUR NEW HIRES

Gainesville, FL (November 5, 2014) – James Moore, Certified Public Accountants and Consultants (James Moore) is pleased to welcome Joshua Ellis, Delia Fratila, Jeff Harvell, and Suzanne Silvestri to the firm.

Ellis has been hired as a Technology Solutions Consultant. Prior to joining the firm, Ellis served as the Director of Retail and Information Technology for a regional convenience store franchise in Lake City, Florida. As the Director of Retail and Information Technology, Ellis maintained and secured information technology devices across the corporate office and all store locations as well as worked with service providers and software/hardware vendors to implement company cost-saving solutions. As a Technology Solutions Consultant in the Information Systems Consulting department, Ellis will work directly with clients to resolve day-to-day issues and ensure maximum productivity through quick and efficient problem resolution.

Fratila has been hired as an Administrative Assistant. Prior to joining the firm, Fratila worked as an Office Manager for a rehabilitation center in Gainesville, Florida. As an Office Manager, Fratila served as the team leader for all the medical assistants and secretaries; assigned and monitored administrative responsibilities; performed billing procedures; as well as interviewed and trained new staff members. Fratila received her Bachelor of Arts in Psychology and Special Education from the University of Bucharest, Romania. As an Administrative Assistant, Fratila supports the needs of the firm by coordinating with departments to schedule and plan meetings; prepare and send business correspondences; as well as manage files.

Harvell has been hired as a Technology Solutions Consultant. Prior to joining the firm, Harvell worked as a Sales Administrator in Daytona Beach, Florida for a national and Canadian bathing supply company. Throughout his career, Harvell has worked in several information technology support roles in multiple industries serving clients with various hardware and software needs. Harvell received his Bachelor of Science in Computer and Information Science from the University of North Florida. As a Technology Solutions Consultant in the Information Systems Consulting department, Harvell will work directly with clients to resolve day-to-day issues and ensure maximum productivity through quick and efficient problem resolution.

Silvestri has been hired as a Manager in the Accounting & Controllership Services department. Prior to joining the firm, Silvestri served as the Global Treasury Senior Manager for a global company providing drilling services and products for the mining and environmental industries in South Jordan, Utah. Among her responsibilities as a Global Treasury Senior Manager, Silvestri analyzed capital structure and provided recommendations on credit facility refinancing and upsizing; performed continuous analysis of debt covenant compliance and restrictions; and assisted with global banking relationship management. Silvestri received her Master of Accounting and Bachelor of Science in Accounting from the University of Florida. As a Manager in the Accounting & Controllership Services department, Silvestri will be responsible for implementing financial policies and procedures, reviewing financial statements, and providing consulting services.

James Moore, founded in 1964, is a regional firm with offices in Daytona Beach, Gainesville and Tallahassee. The firm specializes in providing tax, accounting, wealth management and consulting services.
