A focus on diversity and inclusion is necessary in today’s society, and there is no denying that it is the right thing to do. It is fair to say that CPAs firms, as well as other companies, embrace the values of diversity, inclusion, and equity within their organizations. Many, however, struggle with more visible and active processes to ensure these values are demonstrated in their strategies, practices and activities.

To assist in providing opportunities for our members to develop an inclusive culture, and strategically taking diversity and inclusion to the next level, Deloitte has collaborated with the FICPA to spread the word.

Please join us for this FREE D&I Round-Table Workshop led by Christina Brodzik, National Leader of Diversity and Inclusion Center of Excellence with Deloitte.
